

1. A: \_\_\_\_\_ can I have it back?

B: I'll return it to you tomorrow.

(A) Why

(B) How

(C) What

(D) When

4. A: What \_\_\_\_\_ a mailman do?

B: He brings the mail.

(A) is

(B) do

(C) was

(D) does

2. A: Who are you waiting for?

B: I'm waiting for \_\_\_\_\_ friend.

(A) me

(B) my

(C) mine

(D) myself

5. A: May I have \_\_\_\_\_ water?

B: Sure. Go ahead.

(A) a

(B) an

(C) any

(D) some

3. A: The grass \_\_\_\_\_ dry.

B: We'd better give it water.

(A) look

(B) looks

(C) looking

(D) be looking

6.

\_\_\_\_\_ in the race.

- (A) The boy is first
- (B) The girl is second
- (C) The dog is third
- (D) The cat is fourth

7.

The children are playing \_\_\_\_\_.

- (A) at the gym
- (B) at the park
- (C) in the room
- (D) with the toys

8.

It is time to \_\_\_\_\_.

- (A) wake up
- (B) go to bed
- (C) make the bed
- (D) sit on the bed

9.

The doghouse is \_\_\_\_\_.

- (A) over the tree
- (B) under the tree
- (C) next to the dog
- (D) in front of the dog

10.

The girl goes to school at \_\_\_\_\_.

- (A) six
- (B) seven
- (C) eight
- (D) nine

- (A) big eyes
- (B) the ocean
- (C) the octopus
- (D) ocean animals

26. What is NOT true about octopuses?

- (A) They have bones.
- (B) They live in the ocean.
- (C) They have two big eyes.
- (D) They have eight long arms.

The Wright brothers made the first airplane. At first they used large kites. They learned many things about flying. Later they made gliders made of wood. A glider is a plane with no motor. At last, they made a plane that could fly. On December 17, 1903, they flew for about 12 seconds on this plane.

27. What is a glider?

- (A) a large kite
- (B) a kite with a motor
- (C) a plane with a motor
- (D) a plane with no motor

28. What happened on December 17, 1903?

- (A) The Wright brothers made gliders.
- (B) The Wright brothers used large kites.
- (C) The Wright brothers flew the first plane.
- (D) The Wright brothers made the first glider.

A father had three sons. The three sons did not get along. One day, the father asked the sons to bring him a bundle of sticks. Then he asked each son to break the bundle, but they couldn't. After that, he gave each son one stick. When he asked them to break their stick, they did so easily. Then the father said, "My sons, your enemies cannot break you if you stay together. But if you always fight between yourselves, you will easily be broken."

29. Why did the father ask for a bundle of sticks?

- (A) He needed wood for a fire.
- (B) He wanted to break something.
- (C) He wanted to teach his sons a lesson.
- (D) He wanted to see how strong his sons were.

30. What is the lesson of the story?

- (A) Sticks are hard to break.
- (B) Brothers like to fight a lot.
- (C) A strong family should get along.
- (D) A family should always have sticks.

One of the deadliest animals on earth is the box jellyfish. Box jellyfish are found in warm oceans around the world. They are beautiful to look at because you can see through them. They are shaped like bells with long, flowing arms called tentacles. The tentacles have a very strong poison. Jellyfish use this poison to catch small fish to eat. But humans have sometimes died from the jellyfish's poison.

**31.** Where can box jellyfish be found?

- (A) in cold water
- (B) in warm oceans
- (C) in rivers and lakes
- (D) all around the world

**32.** What does a box jellyfish use to catch small fish?

- (A) its mouth
- (B) its strong legs
- (C) its long tentacles
- (D) its bell-shaped body

Not too many people have heard about the World Pyro Olympics. It is held every year in Manila, Philippines. The word "pyro" means fire. This event is a competition for the world's biggest fireworks companies. The competition lasts for five days. Every day, two countries show off their greatest fireworks. It is an amazing thing to see! The country with the best fireworks gets to be the World Pyro Olympics Champion.

**33.** Why do they call it World Pyro Olympics?

- (A) because it lasts for five days
- (B) because it is in Manila, Philippines
- (C) because it is a competition of fireworks
- (D) because only the biggest companies compete

**34.** In total, how many countries show off their greatest fireworks?

- (A) 2 countries
- (B) 5 countries
- (C) 10 countries
- (D) 20 countries

Mozart was born in Salzburg, Austria, in 1756. When he was only six years old, he played music for kings and queens. By the time he was eight, Mozart wrote his first symphony. A symphony is a very long and difficult piece of music. All together, Mozart wrote about 600 pieces of music. Sadly, he died a poor man when he was 35 years old. Today, music lovers remember him as one of the greatest musicians in history.

**35.** What happened when Mozart was eight years old?

- (A) He died very poor.
- (B) He wrote a symphony.
- (C) He wrote 600 pieces of music.
- (D) He played for kings and queens.

**36.** What is NOT true about Mozart?

- (A) He was born in Vienna, Austria.
- (B) He died when he was 35 years old.
- (C) He is one of the greatest musicians.
- (D) He could write long, difficult pieces of music.

Teenagers grow very quickly. Girls usually grow earlier than boys. Girls start growing quickly when they are about 12 to 13 years old. Boys grow quickly when they are about 14 to 15 years old. However, boys can grow faster. Boys can grow about 9cm a year and girls can grow about 8cm a year. The first parts of the body to grow fast are the hands and feet. That's why growing teenagers need to buy new shoes very often.

**37.** At what age do girls start to grow quickly?

- (A) after they are 13 years old
- (B) before they are 12 years old
- (C) when they are 12 to 13 years old
- (D) when they are 14 to 15 years old

**38.** What is NOT true about the way teenagers grow?

- (A) Boys grow earlier than girls.
- (B) The hands and feet grow first.
- (C) Boys can grow faster than girls.
- (D) Girls can grow about 8cm a year.
